engage in their future has witnessed tremendous change in the SEMH sector of education yet “behaviour” remains as contentious as ever.

The Conference, in what is *engage in their future's* 21st anniversary year, will consider “[Engaging With Our Behaviour ... Building Resilient Communities](#)” and challenge delegates to consider the impact, perception and potential that behaviour has within our school communities and beyond.

The programme will include inspirational keynote speakers, practical and informative workshops, Teach Meet and plenty of opportunity to network with colleagues.
